Wilfried Huelsemann (l) and Dain Norman

WHEN IN ROME...

Football Replaces Soccer For New Exchange Student

Dain Norman, Mt. Miguel senior football letterman of Lemon Grove, has high hopes that a good soccer player can become a good field goal and after-point kicker. He's pinning these hopes on Wilfried Huelsemann of Bremen, Germany.

Wilfried is an American Field Service exchange student for his senior year at Mt. Miguel, and has turned out for football. He is living with Dain and his parents, Mr. and Mrs. Gene Norman, at 7850 Deborah Pl.

Wilfried, who arrived several weeks ago, is having little language difficulty, for he studied English in school six-and-a-half years. He said he finds no tremendous differences here, and indicated a Yankee flair by putting in a plug for his home town.

"Bremen is having its 1,000th anniversary this year," he commented with pride. Asked what is the biggest difference he has noticed he replied:

"Well, first of all, the weather," explaining that Germany has had an unusually cool and wet summer. "They used to call this kind of a summer 'a green winter,'" he said.

Another thing that struck him as unfamiliar are one-story houses. Apartment buildings and multiple-storied houses are the rule "back home."

In the German school system Wilfried would have two more years in the "gymnasium" before entering the university. "Brother" Dain explained that Wilfried wants to become a coach. Wilfried amended this by explaining he expects to study in the fields of biology or chemistry, but wants to be qualified to coach a sport, as well.

Both students were pleased with the first day's results at football practice. So maybe Wilfried will someday coach football in Germany—a game he never had seen played before coming to Lemon Grove.

NEW LAW THIS WEEK

Young Drinking Drivers Face Loss Of 'Wheels'

Temporary loss of his automobile is a new penalty that may be imposed upon a juvenile who has been convicted of drunk driving when a new provision of the California vehicle code becomes effective Sept. 17.

California Highway Patrol Commissioner Bradford M. Crittenden hailed the new law which authorizes courts to impound for as long as 30 days a vehicle owned by a person under 21 years of age found guilty of drunk driving "as an important step in reducing accidents caused by youthful drinking drivers."

"Knowledge that his car may be taken away from him in addition to any other penalty the court may impose should cause

a juvenile to think twice about risking his life and that of other persons in this manner," Crittenden said.

Another new section of the vehicle code strikes at the problem from a different direction. It prohibits a minor from having any alcoholic beverage in any motor vehicle unless he is accompanied by a parent or legal guardian or is carrying out his duties as an employee of a state liquor licensee.

Conviction under this new provision requires suspension of the juvenile's drivers license for from 15 to 30 days, and may also result in impounding of the car for 30 days if it is registered to the violator.

The DIMMER VIEW

'Like Monkeys In A Zoo...'

Did Police Chief William Parker actually say they looked and acted like monkeys?

Negro leaders complained that he said it in reference to the Negro rioters in Los Angeles in August.

Chief Parker speaks succinctly. He does not indulge in double talk. Negro leaders and non-Negroes who would make political hay from the August riots in Los Angeles thought they could have a field day but they had not reckoned with the astute philosophy and firm backbone of the chief. Those who tried to climb the political ladder by using Chief Parker as a platform have found that their ladder had its legs sunk in unfirm sand.

Let us quote Chief Parker verbatim from Time Magazine, August 27, and forever put a lie label on those who accuse him unjustly. Parker said: "There has been a world-wide revolution against constituted authority. A police officer is the living physical symbol of authority, and so it is against him that the resentment is frequently directed. It is hard for me to believe that our society can continue to violate all the fundamental rules of human conduct and expect to survive."

He then said that the riots started when "one person threw a rock, and then, like monkeys in a zoo, others started throwing rocks."

His analogy could be applied to any mass hysteria such as there was in Watts last month, but we think that any apology does the chief a disservice.

Looking at the documented statements Parker made before and after the Watts insurrection, his attitude on halting lawlessness shines through clearly.

September, 1960 Parker said: The philosophy of brotherhood which we began spreading over the world carries with it an indulgent attitude and a lack of self-discipline." (speech, Women Lawyers Club)

June, 1963: "We don't intend to use police dogs. Their use would impair the policeman because of what it does to his image." (Los Angeles Times)

May, 1962: "The main source of L. A. crime just happens to be in the areas populated heavily by Negroes, and Negroes just happen to be figuring in most of the city's crimes. I don't

'Controversial' Stand Upheld at Grossmont

Trustees of Grossmont Junior College Monday night reaffirmed the policy on campus controversy.

The policy permits speakers on any issue of controversy to be presented on campus as long as reasonable effort is made to present the opposing side. Groups had asked the board to tighten up the policy on communist and "free speech" speakers.

The board chose Clyde Huffbauer as architect to complete the rest of teaching plant. He replaces Richard Wheeler.

President Jack Hanson told the board that the running track was complete; that the parking lot would be ready for use on Oct. 6, and that a second access road, an extension of

Lake Murray Blvd., would be completed Nov. 23.

Allocation Funds Earmarked
The board decided to use its share of the \$50 million state allocation under last election's Prop. 2 for 10 handball courts, a gymnasium building, and a weight room. Another part of it is earmarked for a stage house.

President Hanson told the board that the final figure for day enrollment for the fall semester shows a 36% increase over last year.

The combined figure for day and evening students, is 4,734, against 3,567 in the fall of 1964. There are 3,337 day and 1,397 evening students this fall.

Bond Issue Eyed
Percentage rises over last fall's figures were disclosed in several other categories also: 36% more men, 38% more women; 27% more new students; 66% more continuing students; 20% more students returning after a semester or more away; 44% more students taking 12 or more units; 18% more students taking less than 12 units.

The rated day students capacity of the Grossmont College campus at present is 2,500, which means that 837 students are "extra" this year, as far as facilities are concerned. On Oct. 19, district voters will be asked to approve a \$3,500,000 bond issue to bring the campus to its master-planned capacity of 4,000 day students.

Death Claims Civic Leader

Masonic funeral services were held Wednesday for Ira L. Durham, 76, of 7465 Pacific Ave., Lemon Grove, who died Monday at Grossmont Hospital after a long illness.

Durham, a native of Kansas, brought his family to Lemon

IRA DURHAM

Grove 30 years ago and became active in civic and veterans affairs. He helped form the L. G. Fire District and the L. G. Sanitation District. He was twice commander of the L. G. Post, Veterans of Foreign Wars. He was a veteran of WW I.

He founded the Durham Insurance Agency, which is now being operated by his son Jack. At one time he was owner-operator of a drive-in theatre near College and Federal Avenues.

He was a member of the L. G. Rotary Club, Men's Club, and the Congregational Church.

He was a member of Jackson Masonic Lodge, Centerville, Iowa. Services were held at Conrad's Lemon Grove Mortuary under the auspices of L. M. Masonic Lodge, F&AM, followed by interment at Greenwood.

He is survived by his wife, Julia, two sons, including Jack of Lemon Grove, two daughters and a sister and 11 grandchildren.

The family suggests that memorial funds be contributed to the March of Dimes.

Polio Law Change Effective Friday

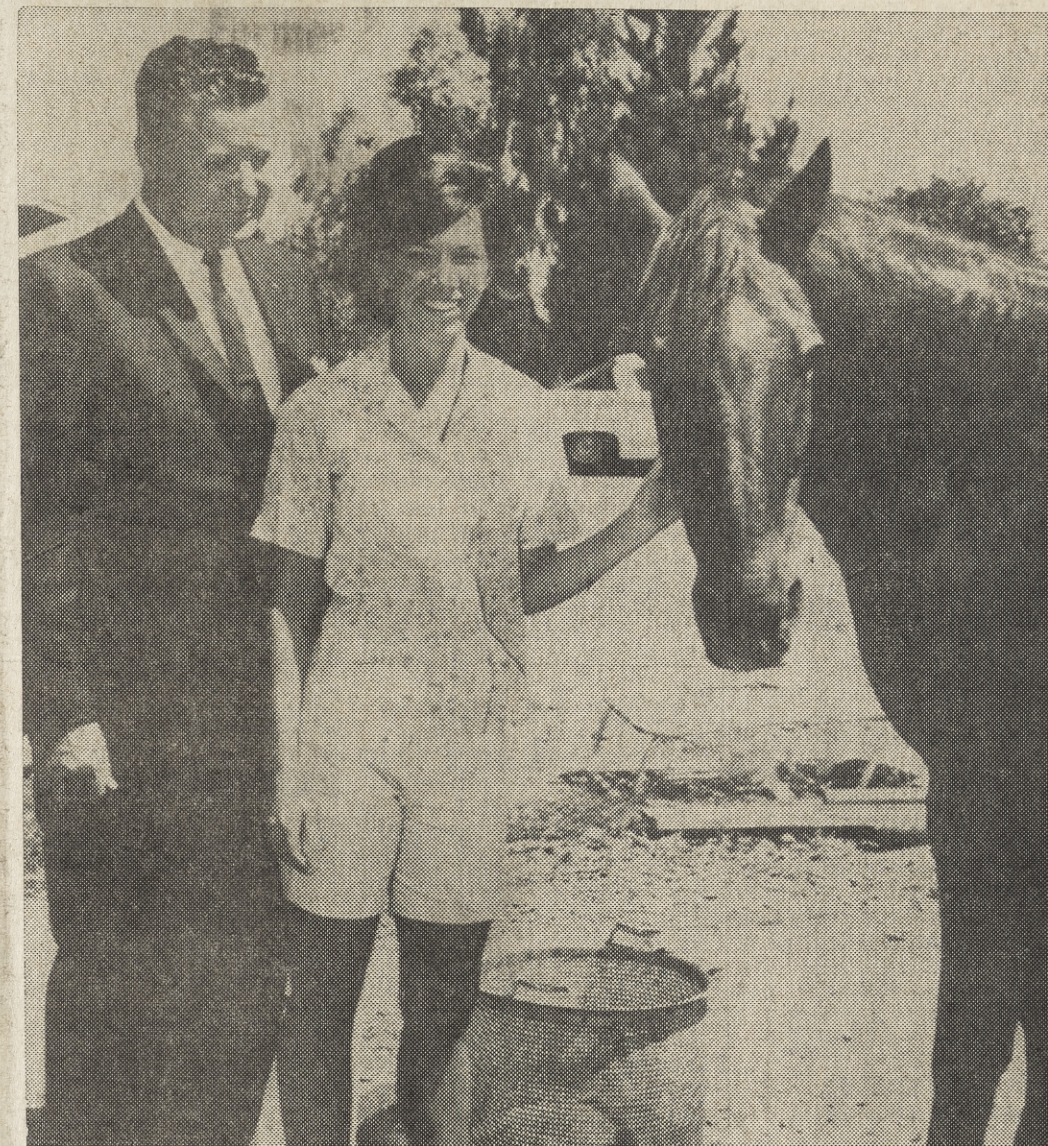

Assembly Bill No. 1360, recently passed by the California State Legislature, amends the school poliomylitis immunization law effective Sept. 17. Dr. J. B. Askew, director of public health, announced today that the amendment should simplify administration of the law.

Newly exempted are those persons seeking admission to a junior college who have graduated from a high school in this state. Also exempted are students 18 years of age and older if they are enrolling in adult schools or classes for adults.

The changes also permit enrollment of pupils in public or private elementary or secondary schools if they have been immunized against polio prior to their first admission to a California school. This change should simplify transfer of students from one school district to another within the state, Dr. Askew said.

Poliomyelitis inoculation is required in California for all students from kindergarten or first grade through high school.

FROM THE HORSE'S MOUTH—Henry Boney, County Supervisor for Lemon Grove and Spring Valley, consults a constituent, "Sparky," a neighborhood pet owned by the Ernest P. John family, 2995 Crane St., Lemon Grove. A proposed county ordinance which would restrict zoning on horses throughout

the county is on the agenda of the County Supervisors at their meeting Tuesday at 2 p.m. Supervisor Boney reported that "Sparky" is against being restricted. Beverly John, San Diego State College education junior, acted as translator.

Area Horsemen All Mounted For Battle On Zoning Issue

By RAY WISSLER

Horse owners of Lemon Grove, Spring Valley and surrounding areas were figuratively mounted on their steeds at press time yesterday, prepared to ride to

a council of war.

They have scheduled a meeting tonight (Thursday) at 7:30 p.m. at Valley Lane Farm in Mission Valley. At the pow-wow to meet with the horsemen will be at least two county supervisors and the county's assistant planning director. The farm has the stable next to the ball park.

Man Hangs Self In S.V. Garage

Don Lee Cuth, 28, 10211 Gaul Wy., Spring Valley, committed suicide Thursday, Sept. 9, by hanging. The funeral was held Tuesday at Humphrey Mortuary, Chula Vista, and burial was at La Vista Memorial Park. The sheriff's office reported that Cuth, an electrician, hanged himself in the garage with a two strand electrical cord about 6:15 p.m. When they arrived at the scene Spring Valley firemen were attempting to revive him with a resuscitator.

Officers said he was discovered by his wife, Judie, who was hysterical when they arrived. She had put their four-year-old son through a garage window to unlock the door, which had been locked from the inside, and had cut the wires supporting her husband with a butcher knife.

Officers found a suicide note to his wife in his pocket.

Picture Broadens Through County In Assessor Probe

SAN DIEGO (CNA) — The district attorney's investigation of alleged irregularities in the county tax assessor's office has prompted communications from throughout the county regarding inequalities of assessments, District Attorney Don Keller said Wednesday.

Keller said his office will make an effort to look into as many of the inquiries as possible. He said it may be impossible to investigate each communication, but an area-by-area investigation will be made. Grand Jury questioning of more than 100 County Tax Assessor John McQuilken's employees started Wednesday, Keller said. A large volume of records was brought in for use by the jury and questioning of employees regarding the records was to follow the jury's inspection of the records.

Keller, predicting a lengthy investigation, said he does not anticipate any indictments at an early date. He said he hopes the probe may be completed by the first of next year.

Keller conferred Monday with County Counsel Bert McLees and his assistant, Robert G. Berry, representing the County Board of Supervisors. The supervisors, at Keller's request, have asked McQuilken to answer questions of the board Sept. 27.

Armed Bandit Gets \$120 At Foothill Liquor Shop

A young man entered Foothill Liquor store, 8500 Broadway near Brookside, Friday night and, on the pretext of reaching into his right trouser pocket for change, pulled out a small-calibre revolver.

He told Michael R. Cihak who was working behind the counter to give him the money from the cash register. Cihak gave him the bills, approximately \$120, and then the robber demanded bills from under the change drawer. When shown there were only checks there, he refused them and also refused change, ordering Cihak to lie on the floor.

James B. Smith of La Mesa saw the man walking from the store as he was getting out of his parked car to enter. When he learned later that the man had robbed the store, he said he noticed that he left the area on foot, walking toward the entrance to Brookside.

Cihak estimated the robber's age between 18 and 21. He was about six feet tall, blond, with hair combed back, and was wearing a plaid shirt with large squares and pet type trousers. (Continued on Page 4)

Former Deputy Draws 6 Months For Dirty Movies

Former Sheriff's Deputy Claude Smith, 37, of 7180 Mt. Vernon St., Lemon Grove, was sentenced to six months in County Jail Monday for producing pornographic motion pictures.

Willard Rigley, 50, a Chula Vista man who formerly lived in Lemon Grove, convicted on the same charge, escaped jail sentence and was put under three years' probation. Smith also was given three years' probation.

John Cortois, 42, a contractor of La Mesa, was sentenced to nine months in County Jail.

Smith resigned last month after pornography charges were filed against him. Rigley was fired by Sheriff Joe O'Connor at the time.

The sentences were pronounced by Superior Court Judge Eli H. Levenson. Rigley broke (Continued on Page 4)

Overcrowding Forces Change In Wesleyan Methodist Schedules

The Skyline Wesleyan Methodist Church, 1345 Skyline Dr., will initiate a new schedule this weekend, according to Pastor Orval C. Butcher.

For several months, Sunday evening services have attracted over-capacity crowds, making it necessary to use the aisles and foyer. To alleviate the crowded condition, a new schedule will be followed on Sunday evenings until a new, large sanctuary can be built.

4:00—Choir rehearsal
5:30—Vesper Evangelism
5:30—New Christians Class
5:30—Junior High "Live Years"
5:30—Pre-teens
7:00—Senior High "Sip and Sing"
7:00—Choir Buffet
7:30—Evening Evangelism
9:00—Collegians Collaborate
The 5:30 and 7:30 services will be identical.
The traditional Sunday eve-

ning meeting for high school students, and Friday Sports Night will be combined in a regular weekly event Saturdays at 6:30 p.m. This will combine food, fun, and fellowship with devotional services.

The regular schedule of classes and services now offered on Sunday mornings will be maintained—Sunday schools, with worship services at 8:30, 9:45 and 11 a.m. Three different choirs—Chancel, Chapel, and Chorale—are featured with six sanctuary instrumentalists.

It is the intention of the advisory board and the pastoral staff that the new schedule will provide better service to the community.

The Rev. Floyd Zerbe, pastor, said that a television series on the life and teachings of Christ will begin Sunday, and will be presented from 8:30 to 9 a.m. over Channel 10.

The program is to be sponsored by the San Diego Council of Churches and Methodist Churches. It will run every Sunday throughout 1965 and possibly into 1966.

'Scientist' Text From Bible Passage
"Lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal" (Matthew 6:20).

This passage from the Bible will be the Golden Text for all Christian Science churches on Sunday. The subject of the Lesson-Sermon is "Matter," and it will feature the story of Job.

Quotations to be read from the Christian Science textbook include the following: "Job said: 'I have heard of Thee by the hearing of the ear; but now mine eye seeth Thee.' Mortals will echo Job's thought, when the supposed pain and pleasure of matter cease to predominate. They will then drop the false estimate of life and happiness, of joy and sorrow, and attain the bliss of loving unselfishly, working patiently, and conquering all that is unlike God" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 262).

DEAN TO AID STUDY
Grossmont College Dean of Instruction Charles C. Collins has been appointed as a consultant to a State Department of Education study of junior college student personnel practices in California. He will be working with the Bureau of Pupil Personnel Services.

Baptists Plan For Monthly Social Event

The monthly social evening of the Adult Sunday School is scheduled Saturday at the Casa de Oro Baptist Church. It will be an "Old Fashioned" party and will include a potluck supper at 3 p.m.; old fashioned games, singing and other entertainment. A display of "old treasures" will be held in the church social room.

"It promises to be an evening of interest and happy fellowship," said the Rev. Ernest Anderson, pastor. The social committee is composed of Mr. and Mrs. H. Moline and Mr. and Mrs. W. Hollar.

The Sunday School staff of CDO Church will meet Monday at 7:30 p.m. Melvin Chaney, chairman of the board of Christian Education, will preside.

The regular dinner-meeting of the Men's Brotherhood is scheduled for Tuesday at 6:30 p.m. Bob Phillips is chairman of the group.

At the Junior High Youth group meeting Sunday night, a "Farewell" was included for the former 8th-graders who started high school Monday. Gifts were presented to each one and refreshments were served by their sponsors.

Presentations also were made to the winners of the "Bible Verse Memory" contest and "best meeting" of the summer series.

At the close of the youth meeting, the Junior High and Senior High Youth groups sponsored the evening church service, which included special music and a Christian film, "The Family that Changed the World."

National Magazine Buys Local Article
A magazine article on psychosomatic medicine written by a Lemon Grove man has been accepted by the "Ladies Home Companion" and will be published shortly.

The writer is Larry Stillman, of 7842 Barton Dr., whose column "Distillations" appears at random times in this newspaper. Stillman, 50, is semi-retired. He and his wife, Virginia, a San Diego schoolteacher, have lived in Lemon Grove for the past 20 years.

He said that the piece is a sort of crystallization of a lifetime of interest in the fascinating subject, and the result of many months of research at San Diego State College library.

"Though the surgeon is revolutionizing his techniques and the physician adds over 400 new wonder drugs to his arsenal every year, we seem far less resourceful with our mental and spiritual healing potential," Stillman said.

The head of the Holy Roman Empire was elected by a group of princes who were electors.

The program for the first three months will be explained at the organizational meeting and troop officials introduced, including Scoutmaster R. O. Simpson. In order that a boy may be properly registered, it is necessary for at least one parent to accompany him to this first meeting.

say this from opinion. This comes from the records." (L. A. Sentinel)

March, 1964: "The current soft attitude on the part of the public to crime and Civil Rights demonstrations could lead to a form of anarchy unless halted." (speech, Sherman Oaks Rotary Club)

May, 1961: "The crime problem in the U. S. points to the lack of self-discipline the Nation must follow to match Communism's threat to freedom . . . Self-discipline of the free mind must match the iron discipline of the mailed fist." (speech, S. Cal. Businessmen's Assn.)

May, 1963: "The police are the real guarantors of freedom in America." (speech, Federal Bar Assn.)

January, 1964: "Crime in California has increased more than 100 percent in seven years, partly because of restraints placed on the police by court decisions." (speech, West Valley PTA)

May, 1962: "My men are not educators. It is totally unreasonable to expect police to do the thinking for the community in psychological matters. The people must understand that they also are responsible to government and law." (L. A. Sentinel)

September, 1962: "Almost one-half of the crimes (of murder, rape and assault) were committed (L. A. County, 1961) against Negro citizens. Thoughtless persons who demand relaxation of police efforts are trying to deprive Negro citizens of equal protection of the law." (L. A. Sentinel)

And finally, in August, 1965: ". . . it is but a short step from minor infractions to mob violence and widespread disorder.

"Those who advocate the violation of laws that have neither been repealed nor declared unconstitutional advocate anarchy."

He said that demands for police review boards to investigate police brutality were "an attempt to break the will of the police and get them out of the way of the social revolution they (civil rights leaders) choose to call social disobedience."

He said also that if citizens of L. A. haven't learned from the riot that they must support strong law enforcement, "next time they'll burn up the whole city."

All of the above are direct quotes made available through the Community Relations Conference of Southern California. We think it proves that Chief Parker is one of the true bastions for law and order in our time and place.

We ought to be thankful for such law enforcers.

You're Fat Because You're Poor

When a family moves up or down the economic ladder, a woman's weight reflects the move.

With the step up, she gets thinner.

With a decline, she puts on weight.

This is the finding of University of Pennsylvania researchers who studied 1,660 women aged 20 to 59, according to a report released by the Women's Medical News Service.

Among the lowest socioeconomic group one in three was obese, as against one in six of the middle group, and only one in twenty of those on the highest income rung of the ladder.

Investigators found obesity among 17 percent of women who remained in the group in which they were born. Among those who moved down, 22 percent were grossly overweight. But obesity fell to 12 percent among those who had moved upward. Moreover, the researchers found, the longer a woman's family had been in the country, the less likely she was to be fat.

These findings give the girls another alibi when they start getting "hippy."

When hubby accuses his big, fat spouse of overeating or overdrinking, she can counter with an economic retort. She can show that she'd be trimmer and more attractive if the husband provided a higher standard of living.

"SPEED SPEECH could revolutionize the teaching of all foreign languages," says Mr. Neville G. Penrose, many years chairman of the "Texas Good Neighbor Commission."

Did you know that almost every word in English that ends in "or" is the same in Spanish, only the pronunciation changes. For example, actor is pronounced "ahk-tore." Now you own your "or" ending in Spanish.

Only through The Lemon Grove Review and Spring Valley Bulletin can you procure this revolutionary system of learning languages.

Former Deputy Draws 6 Months

(continued)

into tears as the judgement was pronounced.

"Doubly Abhorrent"

Judge Levenson told the former deputies that "the fact that you men were peace officers makes the offense doubly abhorrent." He added that it would be "harsh and unusual punishment" to sentence Rigley to any time in custody.

Rigley suffers a heart condition, the probation report said. He is seeking a disability pension.

Levenson termed Rigley "less culpable" than Smith. Rigley had been with the department since 1942. Smith had served since 1952.

The trio's attorney, Francis Gallagher, opposed the felonious charge of conspiracy to make pornographic movies. He said the legislature intended that the making of pornographic movies is a misdemeanor. Under the conspiracy law, he said, "every crime on the books could be a felony if two or more people did it." He asked Judge Levenson to reduce the charge to a misdemeanor by sentence.

Deputy District Attorney Bruce Iredale told the court, "I don't want anyone to feel we try to make felons out of misdemeanors without some real thinking. I don't believe in that philosophy. That was not the intention in this case. This is justifiably charged and is a felony and should remain so."

Levenson refused to reduce the felony convictions to misdemeanors despite the urging.

When men in uniform involve themselves in such activities, he said, "it jars the sense of propriety on the part of the public. It shakes our trust in our government and the people we think should be the ones to uphold the law."

The judge said the pornographic movie making may have been caught before it reached more serious proportions. He said he is satisfied that the felony charge is justified.

Overrides Objections

He also overrode the recommendation of the Probation Department in refusing to sentence Rigley. He said that the former sergeant had lost his job, his status, and that his family had suffered deep embarrassment. He ordered the men not to engage in photography which would involve any impropriety.

Cortois, who was said by the probation department to have been photographer for some of the movies, was sentenced to nine months in jail. The judge described him as the "most culpable" of the group.

'Show Biz' Is Fine But Medicine's Better

A Lemon Grove youth returned to his medical studies at the University of San Francisco after a successful summer as business manager for one of the east coast's elite summer theatres.

Timothy Shea, 18, son of Dr. and Mrs. Peter E. Shea, of 2362 Golden Ave., has been business manager and public relations director of the Surflight Summer Theatre at Beach Haven, N. J., on Long Beach Island for the summer season.

"Surflight compares with Circle Arts in San Diego as far as prestige is concerned," Shea said. "None of the performers are well known because it is an 'off-Broadway' theatre but the players are all professionals," he added.

The theatre played several top shows last year. Included were "Pajama Game," "Bye, Bye, Birdie," "Camelot," "Wish You Were Here," and "Gentlemen Prefer Blondes."

"It is the biggest operation of its type in the east," Shea said. The theatre has been in operation 16 years.

The producer-director is Joseph Hayes, whom Shea met when Hayes brought productions to St. Augustine High School, Shea, a drum major in the St. Augustine band, took a stage business management course from Hayes and served as his business manager in San Diego from 1962 to 1964.

"I found working in the theatre arts very exciting," Shea said, "but I have a greater interest in medicine than I do the stage."

Shea said he intends to specialize in plastic surgery when he completes medical training. This week he left for San Francisco to further the latter ambition.

Dr. Peter Shea is a dentist in Lemon Grove.

Mexico Explored

Legend has it that long before Columbus landed, explorers landed on the eastern shore of Mexico. The spot is not marked, but it is believed to be somewhere south of Tampico in the mouth of the Panuco River. Like Columbus and the other early explorers they brought a new way of life to natives, legend says.

El Cajon Sabres Drop Marauders 33 to 0

In their league opener, the El Cajon Sabres of the Western Football League, dropped the San Pedro Marauders, 3 to 0 Saturday in a game played at San Pedro. El Cajon Quarterback Dick Eshbach threw four long touchdown passes and a fifth long pass set up the Sabres' other score. San Pedro failed to get their offense rolling and the long "bombs" were more than they could handle.

Bench Warrant Issued For Lemon Grove Man

SAN DIEGO (CNA) — Superior Court Judge Verne O. Warner issued a bench warrant for Walter Moore, 57, of 3842 Costabella Dr., Lemon Grove, when Moore failed to appear to stand trial on a charge of pandering.

Moore was arrested along with a number of women residents of the Barbara Worth Hotel on San Diego's Horton Plaza and charged with pandering. The hotel, of which Moore was manager, has been closed.

Moore's attorney said Moore telephoned from out of state and said he will return to San Diego this week. Judge Warner issued the bench warrant regardless of the explanation.

Held On Grand Theft

Richard Ellis Parker, 43, of 6811 San Miguel, was held on a charge of grand theft after a citizen's arrest by Adair A. Armstrong. Parker is charged with taking several large appliances from Burf's Furniture Sales in El Cajon.

Mrs. Armstrong charges that Parker, who was employed by her, had sold the appliances, valued at about \$900 and had kept the money. She said stoves, refrigerators and freezers had been taken.

PREPARE FOR SERENDIPITY—The president of Lemon Grove Soroptimist Club (right), Mrs. Marie Parsons, confers with the chairman and co-chairman in charge of preparations for the fall conference for the organization's Pacific Region, District II. Mrs. V. R. Dittamore (center), is chairman and Mrs. R. C. Pfister is co-chairman. Soroptimists from San Diego and Imperial Counties and from Yuma will gather at Monte Vista Lodge in Lemon Grove on Oct. 16 for the event. Theme is "Symphony of Serendipity."

Feds Check Two Million A Month At Tijuana Border

More than two million persons a month are inspected by federal officers as they cross the border from Tijuana to the United States, Alfred Edgar, officer in charge, U. S. Immigration Service, told members of the Lemon Grove Men's Club Friday. Dr. Frank Gigliotti was program chairman.

In California, 9,000 aliens a year are deported. Most of these are Mexicans (60%), he said.

Edgar also told of the responsibilities coming with citizenship and reminded that Constitution Week, being marked the following week, will be a proper time to review the responsibilities.

There is no law requiring an alien to become naturalized, he said. Although about 125,000

persons become naturalized each year, the immigration total usually is 300,000. This, in turn, keeps the alien total for the nation at about five million. 800,000 of these are in Los Angeles, he said.

In other activity, the Men's Club passed a resolution asking the Lemon Grove Fire Commission to select Forrest Baxter to fill the unexpired term of Commissioner Tom Parson. Parsons is moving from the district. Parson's term expires in May of 1966. Baxter operates a sheet metal firm and is twice past president of the L. G. Chamber of Commerce.

Next week Jim Elgo, vice president of Land Title Insurance Co., will provide a program. The meeting will be at Michael's Friday at noon.

Commissioner's Resignation To Open Fire Board Post

The Board of Commissioners of the Lemon Grove Fire Department showed surprise at the "unofficial resignation" of long-time commissioner Tom Parsons Monday night.

Parsons, president of the board, who has served on the board for 15 years, is said to have moved out of the district. District law requires that commissioners be an elector in the district. An elector is a person eligible to vote in the district. District Counselor V. J. Dorman had a formal resignation drawn up for Parsons' signature but Parsons didn't show up for the meeting.

Letter Is Read

The matter came to a head when a letter was read from the Lemon Grove Men's Club asking that Forrest Baxter, a L. G. businessman and former president of the L. G. C. of C. be considered for filling Parsons' unexpired term. The commission agreed that nothing

would be done until a formal resignation from Parsons had been received. At that time the post will be wide open.

Board of Supervisors. At that time the post will be wide open. "We ought to encourage any sincere and capable elector," Commissioner Parker Shumate announced. He said that a woman commissioner would be as welcome as a man. The job pays \$10 a meeting.

Requests for appointment should be made in writing to the Fire District Board. County Board of Supervisors by the end of the month, he said.

The commission, in other business, set the tax rate at 66.3 cents for each \$100 of assessed valuation. The new rate is up 4.5 cents. The raise results from a drop of \$1,490,000 in assessed valuation, Fire Chief H. Hensley told the commissioners. It is the first drop in 25 years. Counselor Dorman said.

Population Drops At L.G. School

Attendance for opening day of the Lemon Grove School District was 3,862, Byron Netzel, district superintendent told the school board Monday night. The total compares with 3,900 average attendance last year, he said.

Most of the meeting was on routine reports pertaining to school starting.

A new requirement in cafeterias is that adults must now pay sales tax on luncheons. Children will continue getting them tax-free, the board was told.

Construction Women Convene This Week

Three local women will have executive assignments Thursday through Saturday at El Cortez Hotel when the National Association of Women in Construction holds its 10th annual convention in San Diego. The total compares with 3,900 average attendance last year, he said.

Local women are Mrs. W. H. Levebvre of Spring Valley, in charge of the hospitality room; Mrs. Morey A. Feldman of Lemon Grove, in charge of door prizes, and Mrs. Marsden Schwedler of Spring Valley, in charge of the of the Saturday luncheon. Mrs. Schwedler is associated with the Oral B. Carpenter Co. of Lemon Grove.

Nearly 1,000 women from all over the U. S. are expected to participate in the three-day event.

Many of the women will make a post-convention trip to Hawaii Sunday.

U. S. exports of peanuts have increased five-fold in the last year.

Judge Will Lead Extension Series

Since World War II the courts and the legal process have played an increasingly significant and controversial role in our changing society.

Judicial decisions in such fields as civil liberties, the regulation of public morals, due process and restrictions on the admissibility of evidence have aroused a storm of criticism and misunderstanding.

Concerned laymen will have an opportunity to learn more about "Law and Contemporary Society" during a lecture-discussion program beginning Thursday, Sept. 23, as part of University of California Extension's fall program of evening classes for adults.

Judge Robert O. Staniforth will be the discussion leader and the 10-part series will be held in the home of Mr. and Mrs. Leonard Shark, 1457 Savoy Circle, San Diego. Fee for the series is \$20, and enrollments are now being taken at the University Extension office, 1221 Fourth Ave., San Diego.

Basic elements of the judicial process and current proposals for its improvement will be examined. The discussion group will also explore some of the critical areas in which the courts must resolve conflicts between the freedoms we cherish as individuals and the minimum requirements of public order and security. Actual case studies will be examined during the series.

Allow plenty of time when you drive and take a break now and then to arrive relaxed, and ready to enjoy the fun, urges the Allstate Motor Club.

Kempton PTA Meet Trustees

The Kempton School PTA will hold its first meeting Thursday, Sept. 23, at 7:30 p.m. in the school's multipurpose room for a get-acquainted gathering.

The PTA executive board and committee chairmen honored the school's teachers Friday at a coffee meeting. The president, Mrs. Walter Ekard introduced board members and chairmen. Ted Doughty, principal, introduced the teachers.

Dr. David Pascoe, assistant superintendent of the La Mesa-Spring Valley School District, gave a short talk on the underlying principles of the new Amidon system of teaching, which has been adopted this year at Kempton. A general meeting has been called this week on Thursday at the school on the same subject. Dr. Cyril Padfield, president of the school board, and Dr. Pascoe will explain the system more fully.

At the orientation Friday for kindergarten children and mothers, members of the PTA served refreshments.

At Monday night's meeting of the school district board, Victor Walton pointed out that low taxes on unimproved land in the district is costing the district from \$500,000 to \$1-million each year. He asked for a study to see if corrections could be made.

He said the difference between the taxes on unimproved land is about 4 to 1. He suggested also that the LM-SV district get in touch with other school districts to see if they can help the local problem.

1000 Adults Sign For M.M. School

Approximately 1000 adults have enrolled at Mt. Miguel Adult School which started this week. Thirty one evening classes are scheduled for Mt. Miguel and over 200 day or evening classes are available to adults at other schools and locations throughout the Grossmont School District.

The classes are part of California's Public Adult Education Program and the fee is \$1 per course plus the cost of books. Everyone 18 years of age or older is eligible to enroll.

The amount of previous education a person has had does not effect eligibility—whether that be elementary, high school, or college. There are basic education classes available for adults who have a limited amount or no previous schooling. Enroll at the classroom on the first class night. Class time is 7 to 9:30 p.m.

One of the main purposes of the Adult School is to help adults earn a high school diploma. However, adults enrolled in vocational programs and special interest courses make up the largest percentage of the enrollment.

Class schedules are available at the post offices and libraries in the Grossmont District. Further information may be obtained by calling the Mt. Miguel Adult School—469-6169.
